School Board Hires Teachers For 1971-72

Board Confronted
By Protesters At
Wednesday's Meet

The Morgan County Board of Education was confronted by protesting groups of high school athletes and patrons when it met Wednesday night of last week to employ teachers for the 1971-72 school year, and the proceedings were taped for radio re-broadcast a number of times later.

The board, upon recommendation by Supt. Walton Jones, employed teachers for the coming year, then remained in session while protests were heard from the basketball boys and their spokesmen, Dr. C. C. Smith and Ken Blanton, and from a group of patrons represented by E. V. Tredway.

The protests were voiced because the board did not re-employ Kenneth Collinsworth as basketball coach, though it hired him on the school staff, and because Richard Jett was not re-employed as high school principal at West Liberty. (Jett offered his resignation at the meeting, and it was made known he had been employed by the Wolfe County Board of Education as principal of Wolfe County High.)

Supt. Jones explained that Collinsworth had been re-employed and would serve in the Title I program to help direct school athletics commencing this summer.

The basketball players had confronted the board at an earlier meeting with a petition signed by members of the basketball team and other students demanding that Collinsworth be re-employed as basketball coach, and stating their intent not to participate in basketball under another coach.

Spokesmen for the basketball team were Eddie Cottle, Cliffie Smith, and Mike Blanton, and Mr. Kenneth Blanton and Dr. C. C. Smith.

The meeting also was taped for radio and re-broadcast later.

At Wednesday's meeting, the board approved without a dissenting vote the hiring of teachers as recommended by Supt. Jones, and the group again protested and repeatedly sought explanations from each member.

Soon after Mr. Jett offered (Continued on page two)

Evangelist Geraldine Conway Plans Religious Camp In Morgan

Nation-Wide Drive
For Operating Funds
To Be Launched Here

Rev. Geraldine Conway of Lucasville, Ohio, nationally-known world-traveling evangelist who began her successful ministry in West Liberty several years ago, this week announced plans to establish a religious retreat camp in Morgan County for the training of youth leaders from across the nation.

Mrs. Conway, in West Liberty Tuesday and Wednesday to launch a nation-wide fund-raising drive to finance the undertaking, announced the formation of a religious, non-profit corporation to raise the funds and oversee the camp.

Known as Geraldine Conway and Associates, the foundation's fund-raising efforts are headed by Mrs. Audrey Craft of Portsmouth, Ohio, who accompanied Mrs. Conway to West Liberty.

Included on the advisory board is Col. Harlan Sanders of Shelbyville, originator of the recipe for the famous Kentucky Fried Chicken, and who later served as publicity chief for the successful Kentucky Fried Chicken chain.

Mrs. Conway said television personality Art Linkletter, whose daughter committed suicide after becoming addicted to drugs, has expressed an interest in the project and may become a member of the board.

DONATE LAND

Local members of the advisory board are Mrs. C. K. Stacy and Mr. A. J. Herald of West Liberty.

The retreat camp will be located on 150 acres of land on Dilton near the Morgan-Magoffin county line which was donated to the foundation by Mrs. Stacy and Mr. Herald.

The first step will be construction of a lodge at the site, Mrs. Conway said. "Initially, we anticipate permitting different groups from the local area and from throughout the nation to use the lodge for meetings, seminars, and retreats."

"Long range plans," she said, are to train youth leaders in the techniques of motivating young dropouts from society who are now searching for a new and more meaningful way of life."

Mrs. Conway said various ministers and religious leaders across the country have offered their services to help with the camp. She said seminars, discussions, and training sessions planned in the program should draw many distinguished doctors, psychologists, professors, and religious leaders to the camp.

FUND DRIVE EXPLAINED

Speaking of the fund-raising drive, which will be conducted on a nation-wide scale, Mrs. Craft explained: "We want to launch it in West Liberty where Geraldine's ministry began and where the camp will be located."

"We're not asking for donations, but loans," Mrs. Craft said. "We're asking five-year pledges of loans, in multiples of \$1,000."

She explained that the loans, completely tax deductible and fully underwritten by the Wabash Life Insurance Co. (Continued on page seven)

MONITOR HEADS TO LOCATE 2ND WELL IN MORGAN

Donald Silberman of New York, president of Monitor Petroleum Corp., and Parker Coates, vice-president, are in Kentucky this week to attend the annual meeting of the Kentucky Oil and Gas Association in Lexington on Wednesday, Thursday and Friday.

And while here they will decide where and when to drill Monitor's second deep well in eastern Morgan county.

Monitor had planned to drill its second well on Fyffe Branch, about a mile southwest of its deep-test on Doc Ison Creek near Moon. But this site may not have enough level ground for a settling basin. Thus a new location is planned. The well will be drilled for production to a depth of about 5,000 feet.

Monitor drilled its Moon well to the granite at 10,016 feet, and fractured the Rose Run section of the Knox at 5,000 feet. The well "came in big" with both oil and gas, but has now settled down to about 25 barrels of oil per day.

Meanwhile, Monitor is building a 1½-mile pipeline in Lawrence county to tap a well on the Fyffe lease on Brushy which it re-opened and drilled deeper a few weeks ago.

NAB MAN, WOMAN WITH LIQUOR CAR

West Liberty policemen Hershel Ison and Roger Fannin confiscated eight cases of liquor and arrested two of the five persons in the car that they stopped near the church of God on Glenn Avenue about 3:30 Saturday morning.

Arrested were a man and woman, who gave their names as Danny Armitage and Betty Rose Arnett, both of Montgomery county.

The two were arraigned before West Liberty Police Judge Jeff Williams. Armitage was charged with and fined for drunkenness and transporting liquor, and Miss Arnett was charged with and fined for drunken driving.

W. Major Gardner

JUDGE GARDNER GETS APPEALS COURT POSITION

FRANKFORT, Ky. — Circuit Judge W. Major Gardner, West Liberty, who for eight years has been circuit judge of the Morgan-Elliott-Carter judicial district, has been appointed commissioner of the Kentucky Court of Appeals.

The announcement, along with other personnel changes in the Court of Appeals, was announced by the high court June 3.

Judge Gardner will replace Commissioner Watson Clay, who has filled that role with the Appellate Court for 24 years. Clay has resigned, effective Sept. 20.

Also, Howard E. Trent, Jr., deputy attorney general, will become administrative officer of the Court of Appeals Nov. 30 when Astor Hogg, a former appellate judge, retires from that position.

Gov. Louie B. Nunn will name a circuit judge to replace Judge Gardner when the latter leaves his present position. Judge Gardner is a Democrat.

Gardners To Move

Judge Gardner, it is understood, will move from West Liberty to Frankfort, or nearby, late this summer. He will assume his new post in September.

Judge Gardner was first elected to the circuit judgeship in 1961, and re-elected in 1969. Six years of his term remains, and Gov. Nunn will appoint a judge to serve until the next election. Then a successor will be elected.

Considerable speculation already is heard as to whom the Governor will appoint to succeed Judge Gardner in the Morgan-Elliott-Carter district.

RABIES OUTBREAK NOTED IN WOLFE AND MORGAN CO.

Dr. William G. Holbrook, West Liberty veterinarian reports an outbreak of rabies in the Sandy Ridge-Bear Pen section of Wolfe county that is affecting scores of small animals and some livestock; also a threatened outbreak of rabies in Morgan as the result of rabid skunks and dogs killed in recent days.

Dr. Holbrook is treating three cows in Wolfe county — one each belonging to Frank Tapley, Bryce Perry and William Patton, all in the Sandy Ridge-Bear Pen section. Also he is treating a dog belonging to Otis Hollon of Mary.

Residents of the area said a rabid fox chased a dog to the home of William Patton about three weeks ago, and that small animals and livestock now are becoming ill.

In Morgan county, a rabid skunk was killed at the eastern outskirts of West Liberty a few days ago, also a rabid dog on Little Caney and another in the Yocum section.

The veterinarian advises residents to be cautious of any wild animal acts friendly or come near a house. He says such animals probably are rabid.

Homemakers Learn About Terrariums, Bread Dough Flowers

Mrs. Wanda Barker demonstrates the making of a terrarium to (left to right) Edwina Bowman, Lois Barber, Dorothy Rose, Mrs. Barker and helping is Tracy Barker. With their backs to our camera are Lettie Cantrell, Anna Peyton, and Bert Hammonds.

Now the girls try their hand at it. Mrs. Anna Peyton stands ready with the water as Bert Hammonds selects a philodendron from Dorothy Rose.

Near completion, the table is filled with terrariums. Adding finishing touches are Edwina Bowman, Dorothy Rose, Wanda Barker, Lettie Cantrell, Patty Barker, and Anna Peyton.

Edwina Bowman begins her demonstration of bread dough flowers by crumbing the bread and adding glue. Working are Wanda Barker, Dorothy Rose, Eunice Easterling. Visiting is Scarlet Barker, daughter of Mr. and Mrs. Kenneth Barker.

Molding the flowers is painstaking but well worth the effort. The roses looked so real you wanted to be careful about the thorns. Wanda and Patty Barker are adding finishing touches to their roses.

Arrangements of bread dough flowers created by Edwina Bowman and Patty Barker included pansies, violets, roses, daisies, calla lilies, and grape hyacinths.

Maverick 2 door
\$176 less than Nova 2 door

The little carefree car. Pinto is sized small, like the economy import, but it's bigger on value. And price is only the beginning. Pinto calls for only half as many oil changes as VW. One-sixth the chassis lube. So easy to service that you can do most routine maintenance yourself. And Pinto is bigger on performance. It has a 75-hp engine that has averaged over 25 mpg in simulated city/suburban driving. Sports-car type rack-and-pinion steering. Wider stance and lower silhouette.

The Simple Machine. Maverick's price makes it simpler to own than Nova. But that's not the only reason we call it the Simple Machine. Maverick's simple to drive and park because of its shorter wheelbase and smaller turning circle. Simple to service because it's been designed that way. Maverick offers a 4-door sedan for a low price of \$2235* (\$145* less than Nova 4 door). Or choose the sporty Grabber model. A choice of an economical V-8 and three thirty Sixes.

*Ford's suggested retail price for Pinto and Maverick. However, the models shown are equipped with accent group (Pinto \$60; Maverick \$52) and white sidewall tires (\$29). Destination charges, dealer preparation charges (if any), state and local taxes are extra.

**Comparison based on manufacturers' suggested retail prices for closest comparable body styles of lowest priced models, comparably equipped.

Dr. Geo. C. Barker Become's Specialist In Family Practice

George C. Barker, M. D. of Morehead has become a Diplomate of the American Board of Family Practice, which in essence means that Dr. Barker is a specialist in family practice.

Before becoming a Diplomate, a doctor must, in addition to his regular medical degrees, practice medicine for at least five years, complete a certain number of postgraduate hours of study and successfully complete a wide range of tests that demonstrate competency in all areas of the medical field, especially in medicine, pediatrics, psychiatry and obstetrics.

Dr. Barker successfully took a two-day examination in February which completed certification requirements for his becoming a Diplomate.

The American Board of Family Practice is one of twenty primary specialty boards in the United States, and is the first and currently the only board to require recertification. According to present plans Diplomates will be recertified every 7 years.

Dr. Barker has practiced in Morehead for eight years. He is presently on the active staff of the St. Claire Hospital and is active in the local Medical Society, having been past president of both. He is currently chairman of the county Peer Review and Utilization Committee for the Kentucky State Medical Association and is also chairman of the Rowan County Board of Health.

He is the son of Mr. and Mrs. Woodrow Barker formerly of West Liberty.

He is married to the former Joyce Haney, daughter of Mrs. Irma Haney and the late Ova O. Haney.

BOX TOP COUPONS PRODUCE 4 KIDNEY MACHINES IN KY.

Civic clubs and church organizations in this area helped contribute 2½ million General Mills box-top coupons which added up to a total of four artificial kidneys for Kentuckians who must have their blood cleansed twice each week to stay alive.

General Mills, a food products company, discontinued its offer to furnish a kidney dialysis machine for every 600,000 coupons presented, but not before organizations led by the Kentucky Federation of Women's Clubs and Kentucky Jaycees and their wives had collected enough coupons for the four machines.

One machine is in use. A second will be placed at the University of Kentucky, and two others are on order.

The medical advisory board of the Kentucky Foundation of Kentucky, a nonprofit organization, has the responsibility of deciding who will receive the \$3,000 machines, designed for use in patients' homes.

Aiding in the coupon collections in this area were the G. C. Banks Circle of the West Liberty Christian Church, the Elliott County Woman's Club, and the Wolfe County Woman's Club.

Census Bureau To Conduct Survey In Area Next Week

A sample of households in this area will be included in a nationwide survey of employment and unemployment to be conducted the week of June 14 by the Bureau of the Census, U. S. Department of Commerce, according to Joseph R. Norwood, Director of the Bureau's regional office in Charlotte.

The monthly survey is conducted by the Bureau of the Census for the U. S. Department of Labor, and the information is used to calculate the number of persons with jobs, the number looking for jobs, and the monthly percentage of unemployment, which is regarded as one of the most important measures of the Nation's economic health. In April, for example, the survey indicated that 78.2 million persons were employed and 4.7 million unemployed. The seasonally adjusted unemployment rate was 6.1 percent as compared with 6.0 percent in March.

The June survey will include, also, queries on marital status, the number of children in families and the number families expect to have. Answers to these questions are used to guide demographers in making projections of birth rates and family composition.

Individual family information is kept strictly confidential and is used for statistical purposes only.

Census Bureau interviewer who will visit households in this area is Mrs. Malone L. Taulbee, Malone, Kentucky.

BURLEY INDUSTRY WILL HONOR NUNN NINE OTHER MEN

LEXINGTON, Ky. — Gov. Louie B. Nunn and Kentucky's congressional delegation will be honored by the burley tobacco industry at a dinner in Lexington June 12.

William Balden, chairman of the Council for Burley Tobacco, said the dinner program will be an "expression of the burley industry's appreciation for the congressional delegation's everpresent concern for the best interests of the burley industry, and specifically, for the efforts of the entire delegation in effecting the new poundage control legislation."

Sen. John Sherman Cooper, R-Ky., and Rep. John C. Watts, D-Ky., introduced the legislation, which provided for a change in the production control of burley, and it was passed without opposition in both houses.

It was signed by President Nixon last month and accepted by 96 per cent of the burley growers in the eight-state belt.

IN MEMORIAM

In loving memory of our mother, Bessie Mays, who passed away June 2, 1970—
We watched you through all your suffering, and often we had to cry. For we knew that very soon we'd have to say goodbye.
But when the days are sad and lonely, and everything goes wrong, we seem to hear you whisper, "Cheer Up and carry on."
Each time we see your picture you seem to smile and say, "Don't cry, children, I'm on my way. We'll meet again someday."
—Sadly missed by her daughter, step-daughters, and grandchildren. (pd.)

DOPE IS FOUND IN LEXINGTON, KY. HALF MILLION DOLLARS WORTH OF

The Lexington Police Force's narcotics squad confiscated about a half-million dollars worth of heroin last Friday in Lexington and arrested a Lexington man and three Mt. Sterling men to end a three-month investigation of dope peddling.

The heroin, about 10 ounces of the pure product, was found in the apartment of Lance Alexander Kohler, 42, in Lexington, who was arrested on the scene. And officers waited at the site for ten hours, then picked up three Mt. Sterling men who came to the apartment—Ollie Howard Craycraft, 38, Charles Robert Otis, 25, and Clinton Broadus Napier, 27. The latter three were charged with being accessories before and after the fact.

Kohler, at whose apartment the heroin was seized, was charged with sale of narcotics. All were held on \$15,000 bond each.

The Lexington narcotic squad had been aided in the

three-month investigation by state and federal officers. They said the source of the heroin apparently was from Saigon, South Vietnam, and that part of the shipment from Vietnam had gone to New Jersey.

Agents of the State Police and the Federal Bureau of Narcotics worked undercover men in the three months investigation which included wearing casual mod clothing and beards.

Kohler, the principal figure in the heroin dealing, is a private broker specializing in large mortgage loans, and formerly practiced law in Lexington, officers said.
